WELCOME

FROM THE ANZHNCs-ISMAR PRESIDENTS

It is with great pleasure that we invite you to join us in Melbourne for the first ever combined meeting of the International Society of Maxillofacial Rehabilitation (ISMAR) and the Australian and New Zealand Head and Neck Cancer Society (ANZHNCs). These two international societies with broad representation from all aspects of head and neck / maxillofacial care are coming together July 26-28, 2018 to celebrate, examine and educate the meeting theme of "Maximizing Function; Optimizing Outcomes".

This unique and first ever collaboration between these 2 large international societies will attract a broad representation of all disciplines required to restore form and function to patients following head and neck cancer, and other head and neck/maxillofacial reconstructive treatments. Clinicians, researchers, and academics from the fields of surgery, radiation and medical oncology, oral and facial prosthetics, dentists, prosthodontists, orthodontists, speech and language pathologists, physiotherapists, nutritionists/dieticians and psychology are all expected to attend. Melbourne is a vibrant, multicultural city and has been chosen to host this world-first multidisciplinary meeting.

The meeting prospectus describes opportunities for corporate support and our conference organizers RES Seminars would be happy to discuss these with you. Partnering with ISMAR and ANZHNCs will allow you to have opportunities to access our society members ensuring that together we can take best care of our patient population. We hope to see you in Melbourne in 2018

Dr. Julia Maclean
ANZHNCs President

Dr. Dan O'Connell
ISMAR President

This 2018 joint meeting will offer its participants a wealth of educational opportunities, but also great opportunities to meet colleagues and start / maintain relationships in wonderful atmospheres.

So welcome to the ANZHNCs-ISMAR 2018 meeting in Melbourne, and enjoy our time together in the interests of our deserving patients.

ORGANIZING COMMITTEE

Dr. Dale Howes

University of Witwatersrand
Department of Oral Rehabilitation
Johannesburg, South Africa

Dr. Tim Iseli

Head of Unit- Department of ENT Surgery Royal
Melbourne Hospital
Melbourne, VIC Australia

Dr. Hari Jeyarajan

ENT Surgeon
Royal Melbourne Hospital
Melbourne, VIC Australia

Felicity Megee

Senior Speech Pathologist
The Royal Melbourne Hospital – City Campus
Melbourne, VIC Australia

Dr. Dan O'Connell

Associate Professor
Division of Otolaryngology- Head & Neck Surgery
University of Alberta
Edmonton, AB Canada

Dr. Felix Sim

Oral and Maxillofacial Surgeon
Royal Melbourne Hospital
Monash Hospital
Melbourne, VIC Australia

Dr. Albert Tiong

Radiation Oncologist
Peter MacCallum Cancer Centre
Melbourne, VIC Australia

Dr. Christine Wallace

Westmead Hospital
Lane Cove, NSW Australia

CALL FOR PAPERS

We encourage all colleagues to submit an abstract for consideration for poster presentations. Any registered conference delegate can submit a poster for presentation.

Abstract papers must be submitted on the ANZHNCs-ISMIR conference website. Instructions for oral and poster presentations are posted on the website. Please keep your abstracts to 350 words or less. All selected abstracts will be published in our Conference Program Book. Papers will be published as presented by author. Please proof-read and edit your paper.

During the abstract submission process, you will have the opportunity to enter your abstract in the 2018 poster competition by making one of the two selections below:

- The 2018 **ANZHNCs Poster Competition** is open to ALL registered conference delegates.
- The 2018 **ISMIR Poster Competition** is open to ALL registered conference delegates.

IMPORTANT DEADLINES

Oral & Poster Abstract Submission Deadline:

Oral: March 29, 2018
Poster: April 16, 2018

Abstract Acceptance Confirmation (via e-mail):

Oral: April 2018 / Poster: May 2018

Oral & Poster Presenter Registration Due Date:

May 31, 2018

Last Day to Edit Abstracts:

June 1, 2018

Please visit the ANZHNCs-ISMIR Conference website for complete instructions and to submit Oral and Poster Abstracts:

www.anzhncs-ismr2018.com

Dr. Joanne Patterson
Senior Clinical Lecturer
Newcastle University
Lead Speech & Language
Therapist in ENT
Sunderland Royal Hospital
England, UK

Dr. Jo Patterson qualified as a SLP in 1991 and specialises in head and neck cancer rehabilitation. She was awarded a doctoral fellowship in 2005 and completed her PhD researching swallowing outcomes in head and neck cancer 2010.

Her research portfolio includes a number of feasibility and pilot studies and four multi-centre RCTs relating to dysphagia in head and neck cancer. Jo has published numerous peer-reviewed papers and book chapters. She is a Fellow and Professional Advisor for the Royal College of Speech & Language Therapists and a British Association Head and Neck Oncologists council member. She continues to balance her time between clinical and academic work

Jolie Ringash MD, FRCPC, MSc
Professor of Radiation Oncology
University of Toronto
Princess Margaret Cancer Centre
Toronto, Ontario CA

Dr. Ringash is a Professor of Radiation Oncology at the University of Toronto, cross appointed to Otolaryngology-Head/Neck Surgery, and to Health Policy, Management and Evaluation. She is Site Leader for the Gastrointestinal Radiation Oncology Group and Co-Chair of the Head and Neck Cancer Survivorship Programme at the Princess Margaret Cancer Centre. She serves as co-chair of the Quality of Life (QOL) committee at the Canadian Clinical Trials Group (CCTG), and as QOL coordinator/advisor for projects with the US NCI Head and Neck Steering Committee, the EORTC, RTOG/NRG, ECOG and TROG. Her research interests include QOL, cancer survivorship, and high-precision radiotherapy.

Dr. Dennis Rohner
Co-Director, Cranio-Facial-Center
Hirslanden
Faculty Member, AO International
Aarau, Switzerland

Dennis Rohner completed the Dental and Medical Board examinations in 1985 and 1990, respectively. He has been trained in Handsurgery, General Surgery and Orthopedic Surgery before entering the Dept. for Reconstructive Surgery. He spent 1 year as Research/Clinical Fellow in Singapore (Plastic Surgery, Singapore General Hospital). He completed his training in Maxillofacial and Reconstructive Surgery at the University hospital of Basel (Prof. J.Prein) in 1999. In 2005 he has written a master thesis ("Prefabrication of free vascular flaps") and was subsequently appointed as an Associate Professor at the University of Basel. He is one of the founders of the Cranio Facial Center, where he practices since 2003.

Dennis Rohner is a Faculty Member of AO International. He has lectured and published internationally. His research interests include tissue engineering, prototyping of resorbable scaffolds, prefabricated free flap reconstruction and application of 3D manufacturing technology.

Dr. Hadi Seikaly
Professor, Depts. of Surgery & Oncology
University of Alberta in Edmonton
Director, Division of Otolaryngology- Head
and Neck Surgery
Edmonton Zone Clinical Section Head for
Alberta Health Services
Co-Editor of the Journal of Otolaryngology
Head & Neck Surgery
Edmonton, Alberta CA

Dr. Hadi Seikaly is a professor of the departments of Surgery and Oncology at the University of Alberta in Edmonton. He is the Director of the division of Otolaryngology – Head and Neck Surgery and the Edmonton Zone Clinical Section Head for Alberta Health Services. Dr. Seikaly is the Co-editor of the Journal of Otolaryngology Head and Neck Surgery.

Dr. Seikaly graduated from the University of Toronto medical school and completed his residency training at the University of Alberta in Otolaryngology Head and Neck Surgery. He then obtained fellowship training at the University of Texas Medical Branch in advanced head and neck oncology, and microvascular reconstruction. Dr. Seikaly returned to the University of Alberta as an attending in the division of Otolaryngology Head and Neck Surgery, department of surgery in 1996. Dr. Seikaly completed a Masters of the Arts in Leadership from the Royal Roads University in 2014.

Dr. Seikaly has a large practice dedicated to head, neck, and skull base oncology and reconstruction. His research interests include functional surgical and reconstructive outcomes, microvascular head and neck reconstruction, submandibular gland transfer medical modeling and digital surgical planning as it applies to the head and neck region. Dr. Seikaly is the director of the Head and Neck Research Network. He has been a PI or collaborator on numerous research grants receiving funding from various agencies, including CIHR, Terry Fox Foundation and Alberta Cancer Foundation. He has published over 170 peer reviewed papers and book chapters.

[Visit meeting website to read complete bio](#)

Mark Zafereo, MD, FACS
Associate Professor, Department of Head
and Neck Surgery
Associate Medical Director of the
Endocrine Center
Section Chief of Head of Neck
Endocrine Surgery
University of Texas, MD Anderson
Cancer Center
Houston, Texas, USA

Dr. Mark Zafereo is an Associate Professor of Head and Neck Surgery at MD Anderson Cancer Center in Houston, Texas. He is Section Chief of Head and Neck Endocrine Surgery and Associate Medical Director of the Endocrine Center at MD Anderson Cancer. Dr. Zafereo holds national committee appointments for the American Head and Neck Society, American Academy of Otolaryngology-Head and Neck Surgery, and American Board of Otolaryngology-Head and Neck Surgery, and he is a Past President of the Houston Society of Otolaryngology-Head and Neck Surgery. He has published extensively on Thyroid and other Head & Neck cancers, speaking nationally and internationally. His clinical practice focuses on patients afflicted with thyroid cancer and parathyroid neoplasms.
